Forecast For East of England
Issued by Met Office Exeter
at 0400 on Sunday 31 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry, bright and cold today.

Today:
After a cold and frosty start it will be largely dry with bright or sunny spells throughout the day. Feeling cold, especially as the easterly breeze picks up during the afternoon. Cloud increasing in the south later. Maximum temperature 4 deg C (39 deg F).

Tonight:
Dry with clear spells initially, especially in the far north. However, cloud will increase from the south overnight to give some outbreaks of light rain and drizzle. Less cold. Minimum temperature 2 deg C (36 deg F).

Monday:
A rather cloudy day, with outbreaks of light rain and drizzle, especially at first. Becoming drier into the afternoon, although it will stay cloudy. Turning wet and windy overnight. Maximum temperature 4 deg C (39 deg F).

Outlook for Tuesday to Thursday:
Early rain clearing north on Tuesday, with brighter skies and some heavy showers following. Less cold. A mixture of sunshine and some heavy showers Wednesday and Thursday. Rather mild too.
